

Scenario:

You ride a bike for your daily commute to work, and you often worry about the safety of your bike all day long. You want a method to constantly keep track of your bike and ensure that it is always where it is supposed to be.

Task 1: Create an account in the bike locator app

Task 2: Choose a subscription plan and payment method for your GPS locator

Task 3: Connect your GPS locator to the app with bluetooth

Notes

Three things to change:

1. Add a button to return to the previous page in order to edit something
2. Add a page with more info for each subscription plan
3. Add alternative payment methods

Three things to keep the same:

1. Simplicity of the sign up process
2. Clear and easy step to connect to GPS locator with bluetooth
3. The look of the map and taskbar below it.
